Dear Mr Kelsey

Submission in relation to a National Digital Health Strategy for Australia

Thank you for inviting The Royal Australasian College of Physicians to make a submission in relation to the design of a National Digital Health Strategy for Australia.

We have also promoted the Australian Digital Health Agency's survey to our members, and encouraged attendance at clinical forums nationwide.

We look forward to commenting on a draft Digital Health Strategy in due course, and to working together for the benefit of the health system, patients, and physicians alike.

Please contact Samuel Dettmann, Senior Policy Officer (on +61 2 9256 5429 or Samuel.Dettmann@racp.edu.au) should you require further information.

Yours sincerely

Catherine Yelland
